To the Memory of the men from the Parish
of Scone, who, to uphold Liberty and Justice,
laid down their lives in the Great War, 1914-1919.

THIS little Book is a labour of love. Its purpose is to tell in simple fashion the story of the men from Scone, who, for hearth and home, and for things more precious imperilled in the great struggle of Might against Right, stepped into the breach with their human bodies, and laid down their lives. Their names stand inscribed upon the monument erected at the entrance to the village by a grateful community. But it has been felt that, to many, a fuller account would be welcome. To supply that fuller account is the object of this brochure.

The Parish of Scone has had an honourable history in the past. Nor has the lustre of its record been dimmed by the part which it played in the European War. It might be told of those, who, prevented from taking their place in the fighting line, threw themselves with untiring self-devotion into the manifold activities created by the crisis. It might be told of those who bravely watched and waited while their loved ones fought. It might be told of those who uncomplainingly bore the tidings of death from the battle-front. It might be told of those, who, at the first summons of war, leapt eagerly to the call. It might be told of those who have come back from these awful scenes of Armageddon, and, without asking that anything should be said, have quietly slipped into their old niche of duty. But here it is told of the unreturning dead. Never to be forgotten are the hardships and privations they endured, the sickness and wounds they suffered, and their last lone venture into the Great Beyond. For others it was. And these others well remember.

He learned the blacksmith's trade and found a sphere in which to exercise his craft as an artilleryman in the regular army, which he joined in March, 1908. He crossed to Belgium with General Rawlinson's famous 7th Division which endeavoured to save Antwerp. From then onwards he experienced continuous and heavy fighting until his death. Sergt.
